

DOCUJET 3160 Series

Multifunction Laser Fax

PERFECT, HIGH VOLUME & FEATURE-RICH

- 16 ppm high printing speed more than just a fax
- Network color scan delivering professional e-copy
- Compact U-Turn paper-fed design saving office space
- Multi-task capability applied for networked office

Upgradeable
Flexibility and
Performance
meet your
Changing
Needs

Far more than a fax, the outstanding DOCUJET 3160 series provides the outstanding function and tools that will get your document jobs done faster than ever. To meet the demand of high productivity and versatility in today's office environment, the powerful DOCUJET 3160 series performs best with 406x 392 dpi RX resolution, built-in 6MB fax memory for up to 512 pages paperless receipts and scan speed at rapid 2.5 seconds per page. Moreover, JBIG compression technology saves on time and money efficiently reducing the image data to enable faster less than 3 second transmission speeds.

The DOCUJET 3160 series is also an excellent printer-enable plain-paper Multifunction Laser Fax, designed for used in small and medium business environment, providing impressive copy/print outputs speed of up to 16ppm for standard A4 documents. With the U-turn paper feeding routes, the new DOCUJET 3160 series features a compact body design that also employs curved lines and stylish control panel. A 50-sheet auto document feeder, and 250-sheet standard paper capacity combine with a high monthly duty cycle and yield consumables to handle daily business application. With versatile choices, the upgradeable optional accessories such as a 500-sheet second cassette fulfill your changing needs.
